

# Project Questionnaire

## Online Permit Assistance Environmental Permitting

### Do you need environmental permits?

Try using Office for Regulatory and Innovation and Assistance's (ORIA) online Project Questionnaire as you begin your planning. It can help you determine which permits, licenses, or approvals may be required.

Based on your answers to a series of questions about your project and site, this interactive questionnaire will create a customized list of permits you may need. You can save the questionnaire and build a custom, downloadable report with complete information about permit requirements, applications, and timelines.

Go to [www.oria.wa.gov/](http://www.oria.wa.gov/). The questionnaire is available 24 hours a day and is strictly anonymous. No personal or project information is retained.

### The ORIA Project Questionnaire helps you:

- Start planning for your permits early.
- Identify agency contacts for each permit.
- Learn detailed information about individual permit requirements.
- Try various project options to see if it changes the number of required permits.

### Need more information?

- [www.oria.wa.gov](http://www.oria.wa.gov) —connecting you 24 hours a day. Our web site connects you with online environmental permitting resources, including the Project Questionnaire, the Washington State Regulatory Handbook, permit process schematics, fact sheets, useful links, and much more.
- ORIA Information Center—real people with real answers. Give us a call Monday through Friday, 9:00 a.m. to 4:00 p.m., or send us an email.

*The Governor's Office for Regulatory Innovation and Assistance (ORIA) helps you find the information you need to navigate the environmental permitting process. With knowledgeable staff and up-to-date online and print tools, we can answer your questions about local, state, and federal regulations and can even research project-specific permit requirements.*
